

## Project Update

**East Side Campus:** We have completed the first phase of this transformational project! While you can't see much other than beautiful new historic replica windows on the outside of the building, the inside has undergone quite a face lift! Renovation of the building is complete and ready to be occupied. Large window panels will be installed this month featuring amazing pictures of our children and families; representing the wonderful work we will do in the Buckeye neighborhood. We anticipate construction of the East Side Crisis Nursery will commence Spring of 2021 and that the East Side Campus will be fully operational by Spring of 2022.

**West Side Campus:** We are in the midst of constructing the addition of a small activity room to the Pediatric Crisis Nursery on the west side. Along with the addition, we will be completing some much needed repairs and improvements to both buildings on the west side campus and installing a new "green" permeable paver parking lot and new privacy fencing to be completed by October.

## A Quick Look Around...

## Site FUN FACT!

Our new site, named the Weizer Building, honors John Weizer, a Hungarian real estate broker who was instrumental in moving Hungarians into the Buckeye Road area. Weizer alone sold more than 2,000 building lots to Hungarians in the 1920's. The Weizer Building was built in 1925 and designed by Cleveland architect, Henry Hradilek. It is a Cleveland landmark and was listed on the National Register of Historic Places in 2002. The building is prized for its Beaux Arts architectural design.

Campaign Goal: \$13,000,000

Total Raised: \$6,623,917

To Be Raised: \$6,376,083

Total Capital Goal: \$8,000,000

Total Endowment Goal: \$5,000,000

## Honoring our Founder, Sr. Hope Greener, CSJ

Our campaign is now accepting gifts in honor of Sr. Hope Greener to name our new Crisis Nursery on the East Side "Hope's House" in celebration of her vision and commitment to protecting children. Call us for details.
